# Adoption Groups for Kids and Teens

Bridgepointe Therapy's Adoption Groups combine fun activities with exploring feelings and teaching strategies for how to handle challenges related to being adopted.

Groups are a powerful way for adopted kids and teens to feel like they fit in, and to share their questions and experiences around adoption in a supportive place. Participants benefit from positive interactions with their peers, relating to others and being understood, and knowing that they aren't the only ones with these feelings or experiences.

**TOPIC:** Responding to questions/comments from peers or adults about adoption

**LOCATION:** 1365 D Ashley River Road, Charleston, SC 29407

**COST:** \$60 (includes materials and a snack)

**TO REGISTER OR FOR MORE INFORMATION:** Contact Emily Belknap (Emily@bridgepointetherapy.com or 843-628-6381)

Contact Emily if you can't attend these sessions but want to be notified of future groups. For more information about Bridgepointe Therapy and its services and resources for adoptive and foster families, visit [www.bridgepointetherapy.com](http://www.bridgepointetherapy.com)
